Survives: 24 Oct 1845 Hawkshead, River Hutt. Swainson to Andrew Sinclair Esquire, Colonial Secretary, Auckland.
I beg to solicit the permission of His Excellency the Governor to resign my two town acres No. 842 and No. 1080 and to choose the same among the wooded hills at the back of Wellington, on such land as is neither claimed by natives, or has been given out to settlers. This exchange, in point of pecuniary value, will be much to my disadvantage. But I am induced to make the request, from a desire of instituting various horticultural & Botanical experiments conducive to the general good, which cannot be made on flat and exposed land. Having obtained the ready consent of the Principal Agent of the New Zealand Company to this arrangement, and the same permission having been given to the Wesleyan & Catholic ministers (although under other circumstances) I trust His Excellency will permit me to choose two acres adjoining theirs, or in any other waste and unclaimed spot in the wooded belt which may be best adapted to the object in view.... 1845/2023 Dec 09 Petition for relief in consequence of distress from death of her husband – granted (M. A. Richards, Auckland)
- forward to 1845/1588

Survives: The humble petition of Mary Ann Richards most humbly sheweth That your Excellency's humble petitioner lately had the misfortune to lose her Husband after an illness of three months, that the necessary and unavoidable expenses incident to his sickness, death and Burial has reduced any little means at her command to really nothing, that she has six small children entirely dependent on her for support (the oldest being eight years of age and the youngest seventeen months) and the circumstance of her being again in a state of Pregnancy renders her unable to make those vigorous efforts for their support she would otherwise be able to do, that in addition to these circumstances already mentioned she has had the additional misfortune to scald her foot. She therefore prays that your Excellency will take her case into your kind consideration and grant her the boon of allowing her rations for herself and children for a short period and your Excellency's Petitioner as in duty bound will ever pray... signed M. A. Richards, Auckland, 9 Dec 1845. [Dr Sinclair – Rations can be issued... to long a time as Captain Rough thinks necessary... 13 Dec 1845]
